Parent's name & phone # (if applicable)		
Contestant's Email:	Parent's Email (if applicable)	
Shipping Address		
Write Comments/Instructions here...		

Your Pageant video includes not only the entire pageant with close-ups of each of your stage appearances (minus the boring parts of course), it also includes as a bonus "Backstage" which is Rob's production of some of the "off-stage fun" from the river walk to the rehearsals. It's delivered in high-resolution DVD. The final product will be a multiple DVD set.

Your Personal Video Portfolio video is a keepsake of JUST YOU! Rob sets to music and special fx all the stage appearances you personally made during the pageant, all woven together. If you have a Facebook, Myspace or a website, you've got to have this! It comes in high-resolution DVD. It's also available in mpeg (for embedding onto your website, Facebook or Myspace).

"I'm delighted to have been chosen as your video productions artist this year. I'll be delivering to you much more than just the pageant footage itself. You'll clearly see the difference in my work when you view my "Backstage" production or one of my Video Portfolios. These artistically capture the essence of the weekend, and the essence of YOU! Come visit my website and enjoy viewing some of my work."
